

診療科名等:リウマチ・膠原病内科	2025年度:2025年4月～2026年3月
投稿論文(著書、原著、総説、会議録、その他)	

	論文種別	発表者名	論文名	詳細	症例報告 の場合は ✓	査読 有無	発行元(著書の場合)	備考
1	原著	Hashimoto T, Isuboi K, Abe T, Yoshikawa T, Noguchi K, Furukawa T, Tateishi K, Terashima Y, Sibanuma N, Azuma N, Yamane T, Matsui K, Hashiramoto A.	Nocturnal baricitinib administration leads to rapid drug responses in rheumatoid arthritis: a multicenter non-randomized controlled study	Arthritis Res Ther. 2025 Apr 17;27(1):91.	✓	有		
2	原著	Yamane T, Inoue A, Yasuda N, Ohnishi T, Hashiramoto A.	Glucocorticoid reduction with baricitinib in rheumatoid arthritis refractory to prior therapies: a 24-week real-world analysis	Front Med (Lausanne). 2026 Mar 19;13:1797242		有		
3	原著	Yamane T, Inoue A, Ichikawa C.	Glucocorticoid-free remission with simultaneous mepolizumab and rituximab in life-threatening PR3-ANCA-positive eosinophilic granulomatosis with polyangiitis: a case report and literature review	Clin Rheumatol. 2026 Jan;45(1):579-586.		有		
4	原著	Yamane T, Miyamoto C.	Escherichia coli Sternoclavicular Septic Arthritis Secondary to Colon Cancer-associated Bacteremia	Intern Med. 2025 Nov 15;64(22):3306-3310.	✓	有		
5	原著	Yamane T, Miyamoto C.	Risks of empiric glucocorticoid administration in elderly patients with inflammation of unknown origin: A case report	Medicine (Baltimore). 2025 Apr 18;104(16):e42234.	✓	有		
6	原著	Azuma N, Iwatani M, Yokoyama Y, Hashimoto N, Tamura M, Hashimoto T, Morimoto M, Nishioka A, Kitano M, Tsunoda S, Yamane T, Matsui K, Sano H.	Oral health-related quality of life in Sjögren's disease patients with unstimulated whole salivary flows ≥ 0.1 ml/min for whom no therapeutic approaches are provided in the EULAR recommendations	Mod Rheumatol. 2025 Sep 2;35(5):866-871.		有		
7	原著	Koshida Y, Yamane T.	Generalized Edema in Anti-NXP2 Antibody-Positive Dermatomyositis	J Clin Rheumatol. 2025 Jun 1;31(4):e30-e31.		有		
8	原著	Yamane T, Hashiramoto A.	Solo Addition of Mepolizumab Turned Antineutrophil Cytoplasmic Antibody Negative and Achieved Glucocorticoid Discontinuation in a Patient with Eosinophilic Granulomatosis with Polyangiitis	Intern Med. 2025 May 1;64(9):1423-1426.		有
